DECREES AS FOLLOWS

ART. 1 – ACTIVATION OF THE PHD COURSES

Sapienza University of Rome announces the following exam-based open call for admission to the 36th Cycle of PhD programmes as listed in **annex A**. PhD programmes last three years.

The PhD programmes, the number of positions with and without fellowship, the date, time and location of the exams together with contact person, email address of the coordinators, **specific conditions for the admission and evaluation criteria will be available in the PhD course web site.**

The number of positions with fellowship, or positions for industrial PhDs, could be increased depending on further fundings or agreements with external public or private companies. In these cases, the winners will opt, according to the ranking, between Sapienza fellowship or external company fellowship/ Sapienza's or external companies' fellowship. When all the Sapienza fellowships will be granted, the external fellowship will be assigned to the first candidate with a valid position in the ranking. If the external fellowship is funded for a specific curriculum, it will be granted only to the first candidate in a valid position who opted for that specific curriculum.

ART. 2 - REQUIREMENTS

Applications are accepted from candidates, regardless of gender, age and nationality, who hold an Italian *laurea specialistica*, *laurea magistrale* or any equivalent academic second-level degree issued by Artistic and Musical High Education institutions (AFAM) or any equivalent academic degree obtained abroad (generally equivalent to a Master Degree). Applications are also accepted from candidates who expect to receive their degree **by October 31st, 2020**. Candidates who do not hold their degree at the time of the application are admitted "with reserve" until they obtain it.

The Evaluation Board will ascertain the equivalence of each academic degree obtained abroad to the relevant Italian degree for the sole purpose of this call, or in the frame of inter-university cooperation and mobility agreements.

Admission is conditional to reception of relevant degrees by the indicated deadlines.

Students currently enrolled without a fellowship can participate to competitive exams for the same PhD programme they are already attending, but, if admitted, they cannot enrol unless they formally resign their doctoral position with the relevant Doctorate Committee.
