

**MOTIVATION LETTER WITH CURRICULUM SPECIFICATION**

Family name \_\_\_\_\_ Name \_\_\_\_\_

Student ID \_\_\_\_\_

Express your preference among the three curricula of PhD in “School of Statistical Sciences”  
(Demography - Actuarial Sciences - Methodological Statistics):

**FIRST PREFERENCE: CURRICULUM IN** \_\_\_\_\_

**SECOND PREFERENCE: CURRICULUM IN** \_\_\_\_\_

Briefly describe the reason for the **first preference** (in Italian or English):

---

---

---

---

**I’m interested in the following fellowships** (only **METHODOLOGICAL STATISTICS** curriculum):

- Statistical analysis for the evaluation of food safety
- Statistical methods for randomized adaptive clinical trials
- Statistical analysis of safety and outcome indicators related to cancer in the general population
- Statistical methods for the analysis of register based administrative (hospital discharges) data

**I’m interested in fellowship** (only **DEMOGRAPHY** curriculum):

- Development of epidemiological statistical methods for the analysis of environmental and occupational diseases
