

## Evaluation criteria for the admission to the PhD programme in Environmental and Hydraulic Engineering (40th cycle)

The titles will be evaluated on the basis of the following evaluation grid:

### Titles (max 15 points)

#### 1 – Bachelor degree (max 2 points)

Mark	Points
110, 110 cum laude	2
100-109	1
<100	0

#### 2 – Master degree (max 6 points)

Mark	Points
110, 110 cum laude	6
108-109	5
106-107	4
104-105	3
102-103	2
100-101	1
<100	0

Students who will defend their thesis before the date established for the evaluation of qualifications are required to communicate to the PhD Programme Coordinator or to the President of the Commission the grade obtained in their degree, while for those who will defend the thesis after the date established for the evaluation of qualifications, but before October 31, 2024, the grid above is replaced by the following:

Average mark	Points
29 - 30	6
28 – 28.99	5
27 - 27.99	4
26 - 26.99	3
25 – 25.99	2
24 – 24.99	1
<24	0

3 - Congruence of the Master degree to the Ph.D. Course in Environmental and Hydraulic Engineering (**max 6 points**)

Description	Points
High	6
Medium	3
Poor	0

4 – Other titles obtained during the career (**max 1 point**)

Description	Points
Scholarships won during career	0,5
Experience abroad (at least 2 months, including Erasmus)	0,5

**Candidates who have obtained at least 9 points in the evaluation of the titles are eligible for the next test**
