

Evaluation criteria for the admission to the PhD in Dynamic and Clinical Psychology (40th cycle)

During the oral test, aspects relating to the written work, CV and motivation letter are explored and evaluated, as well as knowledge of the English language.

Oral test (max 40 points)

The scores will be distributed as follows:

- Discussion of the candidate's essay and qualifications: clarity of presentation and ability to summarize (20 points)
 - Evaluation of the Curriculum vitae (10 points)
 - Evaluation of the motivation letter (5 points)
 - Foreign language (English) (5 points).

The minimum overall score for admission to the Doctorate in Dynamic and Clinical Psychology is 40/100.
