

Evaluation criteria for the admission to the PhD programme in Chemical Sciences 40th cycle

The research project will be evaluated according to the following assessment grid:

Research project (max 20 points)

- minimum points for the admission to the oral exam: 10
- maximum points: 20

The candidate must submit a research project, possibly inspired by his thesis work, that has to be contained in a size between 5.000 and 8.000 characters (including spaces). This project, submitted for the purposes of the competition, will not be considered compulsory for the research activity of winner participants.

In particular, there will be evaluated:

- Knowledge of the state of the art (5 points)
- Originality and innovative content (5 points)
- Clarity and completeness of the presentation of objectives, methodologies, and potential results (5 points)
- Relevance of the project to the educational objectives of the PhD programme (5 points)
