

Evaluation criteria for the admission to the PhD course “Human Biology and Medical Genetics” 39th cycle

1. Titles (max 40 points)

1.1 University final degree mark (max 20 points)

Mark	Points
110, 110 cum laude	20
109 -108	18
107 -106	15
105 -104	12
103 -102	8
<102	2

Students who have not obtained their title by the application deadline (or graduands who will obtain the degree by October 31st, 2023) will be evaluated on the average grade resulting from the list of the exams.

Average	Points
29 - 30	20
28 – 28.99	18
27 - 27.99	15
26 - 26.99	12
25 - 25.99	8
<25	2

1.2 Publications (max 15 points)

Description	Points
ISI (first author)	7
ISI (co-author)	3
Book or chapter in book (author)	3
Book or chapter in book (co-author)	1
contribution to a lecture/ congress	1

1.3 Research experiences (max 5 points)

Description	Points
Experience abroad (at least 2 months, including Erasmus)	2.5
Research collaboration contracts	2
Training courses for researchers	0.5

2. Interview (max 80 points)

During the interview, the candidate must present a research project to demonstrate clear abilities to design, organize and develop the scientific research in total autonomy. This project, which must be submitted by candidates in order to take part to the call, will not be considered compulsory for the research activity of winner participants.

During the interview aspects related to the curriculum, the research project and the main topics of the PhD. course will be discussed:

Description	Points
Discussion about the research project	30
Basic knowledge of molecular/cell biology and genetics/medical genetics	30
Discussion about the curriculum, previous experience, and technical skills	25
Foreign language	5

The minimum final resulting score valid for the admission is 80/120
