EVALUATION CRITERIA

PH.D. IN SCHOOL OF STATISTICAL SCIENCES

(Demography - Actuarial Sciences - Methodological Statistics)

Cycle 39 - Academic Year 2023/2024

Rating of titles and qualifications

The evaluation of titles is made by the Selection Committee. Each candidate will receive a score; the maximal score per candidate is 60 (sixty) points. To gain admission to the oral test, candidates must reach a minimum score of 40/60 (forty sixty).

A grid, with **rating criteria,** is reported below:

CRITERION	POINTS
Training on curriculum issues, scholarships, awards, stages, periods of study and training at Italian and foreign institutions	0-10
Bachelor's Degree and Master's Degree (or equivalent Academic Degree) final grade. For candidates who expect to receive their degree by October 31, 2019, the average of exams grades taken to master's degree until the expiry date of the call for applications will be evaluated instead of the final grade.	0-15
Abstract of Master Thesis or Research Project	0-20
Letters of introduction of candidates written by qualified experts	0-5
Scientific publications and other research products relevant to doctoral theses	0-5
Other academic, scientific and educational titles or qualifications	0-5
Total	**0-60**

Oral exam

The score for the oral exam is expressed in sixtieths. In order to pass the oral exam and be considered eligible for the competition, a minimum score of 40/60 (forty sixty) is required.

1. The oral exam is composed by:
   Discussion of the summary of the Master thesis or the research project presented (0-30 points);
2. Discussion on basic topics related to the chosen curriculum, publications and other titles and qualifications presented (0-30 points);
3. Test of foreign language.
