

EVALUATION CRITERIA

PH.D. IN SCHOOL OF STATISTICAL SCIENCES

(Demography - Actuarial Sciences - Methodological Statistics)

Cycle 40 - Academic Year 2024/2025

Oral exam

The score for the oral exam is expressed in sixtieths. In order to pass the oral exam and be considered eligible for the competition, a minimum score of 40/60 (forty sixtieths) is required.

The oral exam consists in:

1. Discussion of the abstract of the Master thesis or the research project presented (**0-30 points**);
2. Discussion on basic topics related to the chosen curriculum, publications and other titles and qualifications presented (**0-30 points**);
3. Test of English language: the minimal English level required is B2 (certifications are not mandatory).

The minimum overall score to be included in the final ranking is 80/120 (eighty out of one hundred and twenty).
