

## EVALUATION GRID

### **ENGLISH**

The oral exam will include:

- 1) a 5-minute presentation of candidate him/herself (experiences, scientific interests and expectations, in Italian or English).
  - 2) A colloquium to evaluate the overall profile of the candidate (previous experience, knowledge of the general themes of cell biology and development, scientific interests), considering also the motivation letter and the presented titles.
  - 3) English test, if the presentations referred to in points 1 and 2 were made in Italian.
- To participate in the oral exam, candidates must provide a valid identity document.

### **SCORES**

**Total score: max 100 - min 70**

- 1) Presentation of oneself 5 min (in Italian or in English): **up to 10 points**
- 2) Overall discussion to evaluate the candidate's profile and preparation: **up to 75 points**
- 3) Discussion of titles and letter of motivation: **up to 15 points**
