

Evaluation criteria for the admission to the PhD programme in Biochemistry (40th cycle)

The titles will be evaluated on the basis of the following evaluation grid:

Titles (max 5 points)

1 – University final degree mark (max 5 points)

Mark	Points
110, 110 cum laude e lode	5
109 -108	4
107 -106	3
105 -104	2
103 -102	1
<102	0

Students who will defend their thesis before the date established for the evaluation of qualifications are required to communicate to the PhD Programme Coordinator or to the President of the Commission the grade obtained in their degree, while for those who will defend the thesis after the date established for the evaluation of qualifications, but before October 31, 2024, the grid in point 1 is replaced by the following:

Average marks	Points
29 - 30	5
28 – 28.99	4
27 - 27.99	3
26 - 26.99	2
25 - 25.99	1
<25	0

Candidates who have obtained at least 2/5 points in the overall assessment of qualifications are eligible for the next test
