

# Evaluation criteria for the admission to the PhD Course in Chemical Sciences (XXXVI cycle)

Laurea degrees, written and oral tests will be evaluated as follows:

## 1. Evaluation of laurea degrees (max 40 points)

### 1. Evaluation of laurea degrees

- Minimum points for the admission to the written test: 16
- Maximum points: 40

Evaluation of laurea degrees will be done according to the following tables:

- First level laurea final mark: max 24 points.
- Average of marks for exams of second level laurea degree: max 16 points.

#### 1.1 First level laurea final mark

Final Mark	Points
110 cum laude	24
110	22
109-107	20
106-104	18
103-101	16
100-98	14
97-95	12
< 95	10

#### 1.2 Average of the marks of second level laurea degree

Averaged mark	Points
30-29.5	14
29.49-28.5	12
28.49-27.5	10
27.49-26.5	8
26.49-25.5	6
25.49-24.50	4
< 24.49	2

For the five years laurea degrees evaluation will be based as follows:

#### 1.3 Average of the marks of first three years

Averaged mark	Points
> 29	24
28.99-28	22
27.99-27	20
26.99-26	18
25.99-25	16
24.99-24	14
< 24	12

#### 1.4 Average of the marks of the last two years

Averaged mark	Points
30-29.5	14
29.49-28.5	12
28.49-27.5	10
27.49-26.5	8
26.49-25.5	6
25.49-24.50	4
< 24.49	2

For each laude in the exams of second level laurea degree and of the last two years of five years laurea degree, the final evaluation will be increased of 0.4 points up to a maximum of 2.

#### 2. Oral Test (max 60 points)

- Minimum points for the eligibility in the final admission list: 30
- Maximum points: 60

The aim of the oral test is to verify the aptitude of the candidate towards the scientific research. The oral test is based on general topics of analytical chemistry, physical chemistry, inorganic chemistry, organic chemistry and industrial chemistry (disciplinary sectors 03/A1, 03/A2, 03/B1, 03/C1, 03/C2). The knowledge of the English language will be also assessed.

The minimum overall points for the admission to the PhD course in Chemical Sciences is 46/100.
