ACADEMIC STUDIES AND WORK EXPERIENCES

- During my Bachelor Degree in Psychological Sciences and Techniques, I was selected for an Erasmus + Programme: “Innovative curriculum for strong identities in diverse Europe” (INSIDE). It was an intensive two-week course held in Cluj Napoca (Romania).
- During my Bachelor Degree, I attended the Fall Quarter at the University of California, San Diego (UCSD), thanks to the Overseas Programme.
- In 2019, I graduated with honours in Psychological Sciences and Techniques at Alma Mater Studiorum – University of Bologna, with a dissertation on “ADHD and Specific Learning Disorders: the problem of the co-occurrence”.
- In 2019, I started my Master Degree in Clinical Psychology at the University of Rome, La Sapienza.
- In 2019, I won the competition based on qualifications called "Wanted the best".
- In 2020, I won a student-collaboration scholarship (75 hours).
- In 2020, I won a tutoring allowance (75 hours).

- In 2020, I won the Honours Programmes in Clinical Psychology, which includes additional educational activities. During this Programme, I focused on the theme of Complicated Grief and I attended a group therapy for parents who lost their children held by Prof. Guarino at Save the Parents, an association of social promotion.
- In 2021, I graduated with honours in Clinical Psychology at the University of Rome, La Sapienza, with a dissertation on “Prevalence of Mild Cognitive Impairment: a systematic review”.
- In 2021/2022, I attended a post-graduate internship at the Department of Psychology – Sapienza, University of Rome, and my tutor was Prof. Maria Casagrande.
- In 2021, I started the Phd Program in “Psychology and Cognitive Science” at the University of Rome, La Sapienza.

TEACHING ACTIVITIES

Since 2021 I collaborate to the teaching activities (exams, thesis and dissertations, lectures and seminars) held by Prof. Maria Casagrande: “Psychology of Health and Emotions” and “Psychophysiology of Health” in the Master Degree of Clinical Psychology; “Computer Skills” in the Bachelor Degree of Psychology and Social Processes; “General Psychology” in the Master Degree of Linguistics, Cultures and Religions, Art History, and Modern Philology.

RESEARCH INTERESTS

- Neuropsychological assessment in healthy and pathological aging;
- Executive and cognitive functioning;
- Mnestic functions.
