## Organisational skills and competences

**Organisational skills:** At all my workplaces I have developed my social and organisational skills: communication skills, counselling skills, team work abilities, the skill of planning, organizing, control and assessment of human and material resources, as well as time management skills and project coordinator skills.

At this school, in 2006, I also worked together with an British charity organisation called TEECH (Telecoms Eastern European Challenge) and became involved in some of their projects related to my school and some other schools in the district. In 2007 I took part as a volunteer in the TEECH project regarding the renovation of the maternity ward of the Târgu Frumos Hospital.

As an HR Advisor I have taken part in different trainings which helped me improve my work: computer trainings and trainings regarding phone conversations with the client.

**Team Work:** Together with my colleagues from the Language Department we have prepared various activities: celebrating the International Language Day, attending courses to improve our teaching skills, organising different contests and celebrations.

As a Head of Language Department at Liceul Vocațional de Artă (Art High School) (2005 – 2006; 2014 – up to now) I have organised meetings in order to improve the results of the department. I have fulfilled all the requirements of the job in due time, writing and preparing all the requested reports. I have solved all the internal issues that have appeared in the Department. In doing so, I have shown good organisational skills and I have always tried to create a proper work environment.

In the school year 2010 -2011 we took part in the Global English project initiated by the British Council in collaboration with the Department of Education, Science, Youth and Sport.

As an HR Advisor, I worked together with my colleagues trying to solve the different problems that occurred for our client. I have become familiarized with the demands of a call centre and with the computer programs which are used in everyday work.

I also learned a lot about the Labour Laws across Europe and with the European demands.

### Teaching courses:

As far as my teacher education is concerned, I attended many training courses:

1. Inter District Project "Unirea, Româniilor au făcut-o". (The Union – We, the Romanians, Did It) 24.09 – 30.09. 2018
