Carlo Abrate

Date of birth: 19/05/1993

Nationality: Italian

Mobile phone: +39 340 9337517 Mail: carlo.abrate.it@gmail.com

Experience

ISI Foundation / Junior Researcher

February 2020 - PRESENT, Turin (Italy)

Involved in interdisciplinary research in Data Science and Artificial Intelligence in both theory and applications for the Al Lab for Finance & Business, in particular:

- Data-Driven Forecasting of Energy Volumes in Italian Ancillary Services Market.
- Asset Allocation, give a temporal representation of both assets and liabilities of life and non-life insurance business with a reinforcement learning approach

--/ Startup Advisor

August 2019 - PRESENT, (Italy)

Advisor of multiple startups projects in Italy, in particular:

- Partner and Machine Learning Engineer advisor for <u>Sounzone</u>, a music marketplace for video synchronizations (2019-Present).
- **Technical and strategic advisor** for *Condomjni*, a disruptive model for the digitalization of building management (2020-Present).

Management Solutions / Data Science Consultant

September 2018 - January 2020, (Italy-Spain)

Involvement in projects related to **credit and financial risk modeling, assessment and definition** according to the regulatory requirements under Basel and local normative, in financial institutions employing **Python**, **R**, **SAS**, **SQL**, **and Hadoop**, as the main programming languages for data analysis and reporting. Main Projects:

- Financial Risk Analysis, world-leading bank (Madrid, Spain)
- Target Review of Internal Model (**TRIM**) Mission with European Central Bank (**ECB**), top three Italian Bank (**Turin**, Italy).
- Calculation of Loss-Given-Default (**LGD**) parameters (due to the IFRS9 normative), Spanish bank (**Mallorca, Spain**);
- New Definition of Default (DoD) and LGD Calculation, Italian Bank (Verona, Italy).

SEB Skandinaviska Enskilda Banken AB / Graduate Intern

February 2018 - July 2018, Stockholm (Sweden)

Developed machine learning algorithms to **automatically analyze opinions** of minutes from central banks: **text mining** (NLP), Python (**sentiment analysis/ summarization**). Stimulant environment (**trading floor**), mentorship from quants, traders, researchers

Junior Enterprise Torino Politecnico (J.E.To.P) / Area Leader

October 2015 - September 2017, Turin (taly)

Fundraising and partnership leader. Create from scratch events like: "WTT - Wearable Tech Torino", the first fair in Italy entirely dedicated to Wearable Technologies; "Thinkup for Disability", hackathon based on the cooperation between disabled people and students.

Education

Sapienza University / Phd Student

October 2020 - Present (remotely)

Topics: Explainable ML and Interpretable AI

Politecnico di Torino / Mathematical Engineering

September 2016 - July 2018, (Italy, The Netherlands, Sweden)

Specialization in *Mathematics*, *Statistics and Optimization on data and networks*.

- ERASMUS: TU/e Eindhoven University of Technology Department Mathematical Engineering and Computer Science — (Sep./2017 to Jan./2018, The Netherlands).
- MASTER THESIS: "Topic-based summarization to objectively analyze Central Bank statements and market sentiment", at SEB Bank, Stockholm, Sweden.
- Score & Honours: 104/110 | One of the two students graduated in time.
- Relevant Courses: Statistical Models, Data Spaces, Optimization Methods, Information Retrieval, Artificial Intelligence.

Politecnico di Torino / Mathematics for engineering

September 2013 - October 2016, Turin (Italy)

Bachelor of Science in **Mathematics**. Score & Honours: 97/110. Relevant Courses: Statistics & Probability, Programming, Graph Theory, Topology & Algebra.

Universidad Pontificia Comillas ICAI-ICADE / Master Degree in Business Consulting and Big Data

September 2018 - January 2020, Madrid (Spain)

Not completed due to resignation from the company that funded the master's degree.

Languages

- Italian (Mother tongue)
- English (C1)
- Spanish (B1)

Programming Languages

- Python, SAS (Excellent)
- SQL, R (Advanced)
- Matlab, C, Hadoop, Matematica (Intermediate)

Volunteering Experiences

- <u>Senzatomica</u>, member of the steering committee (2019-Present)
- M.A.D. GROUP, Clean Water & Sanitation Africa (Uganda, 2018): developed and presented a prototype of a healthy village. Studied and supported SINA (Social Innovation Academy), a centre for social innovators and entrepreneurs.
- <u>EARTH CHARTER INITIATIVE</u>, Earth Charter Young Leader (Worldwide, 2018): contributing with workshops and articles.
- PRATI-CARE, SPRAR Petrosino (Italia, 2016): Shelter for young immigrants, in which I was an educator for Italian language and culture.
- PRATI-CARE, Centre pour les Talibés Mbour (Senegal, 2015): supported the re-opening of a reception centre in the Mbour area for Talibés (street boys) and local orphanage.
