

Seminars in

Genetic and Molecular Basis of Development

OnLine on google meet **Friday at 2:00 p.m.**

DIPARTIMENTO DI BIOLOGIA
E BIOTECNOLOGIE
CHARLES DARWIN

SAPIENZA
UNIVERSITÀ DI ROMA

May 15, 2020

Alessandro Fatica

Sapienza Università di Roma

Role of m6A RNA modification in cancer

meet.google.com/uej-dumz-frx

May 29, 2020

Patrizio Dimitri

Sapienza Università di Roma

From constitutive heterochromatin to chromatin remodeling and human developmental diseases: short story of a long journey

meet.google.com/cra-ahet-hzd

June 12, 2020

Antonio Musarò

Insights into muscle regeneration, diseases and aging: mechanisms and countermeasures

meet.google.com/aoq-cqrr-aja

July 10, 2020

Beatrice Giuntoli

Università di Pisa

Strategies for oxygen sensing in plants and other Eukaryotes

<https://meet.google.com/jyj-imiu-xjj>

July 24, 2020

Lucio Conti

Università di Milano

Uncovering what drives phenotypic plasticity to improve plant adaptability to drought

<https://meet.google.com/ien-srob-svx>

September 25, 2020

Giorgia Batelli

CNR Istituto di Bioscienze e Biorisorse, sez. Portici

Growth and RNA regulatory mechanisms contributing to osmotic stress tolerance in plants

<https://meet.google.com/xws-xcmj-bao>
