WORK EXPERIENCE

January 2003 – present

Zanjan - Iran  
Iranian Mining Engineering Organization  
Mining Technical Supervisor and then Member of Board

2012 - 2019

Rome - Italy  
Successful saleswoman in a shop of optics  
Technical translations

2006 - 2012

Tehran - Iran  
Trading Company (ATI), Consulting & Importing of machinery from Italy  
Office Manager and Responsible of making orders of goods and clearing customs

2001-2005

Zanjan – Iran  
Teacher at High School  
Mathematics, Physics, Chemistry, Geology

EDUCATION AND TRAINING

November 2016 – present

**PhD student at the University “La Sapienza”, Faculty of Mathematics and Physics and Natural Sciences, Rome, Italy**

Project topic: Burial evolution of sedimentary successions in Lurestan Basin, in Zagros Folded Belt, in NW of Iran

September 2013 – 2016

**Master in Geology of Exploration, at the University “La Sapienza”, Faculty of Mathematics and Physics and Natural Sciences, Rome, Italy**

Geology and Exploration of Oil and Gas fields, Petroleum System Modeling, Geodynamics, Structural Geology of the Fragile Fracture, Methods of Exploration of the Seabed, Volcanology, Seismic Interpretation and 3D Modeling, Geophysical Methodologies

September 1996 – 2001

**Bachelor Degree (B.S.) in Geology, at the University of Abhar, Iran**

Physical Geology, Geomorphology, Mineralogy, Sedimentology, Volcanology, Petrology / Knowledge of the Tectonic, Photo-geology (Interpretation of Aerial Photographs), Geology of Iranian Relief

February 2003

Technician in Charge of Mining activities  
Research, Technology and Training office of Ministry of Industries and Mines  
Industries and Mines Organization, Zanjan Province, Iran

2004 -2005

Technician in charge of preparation of Geology and Topography Maps by Surfer Software  
Iran Mines & Mineral Industries Development and Renovation Organization  
Industries and Mines Organization, Zanjan Province, Iran

Training Course

Blasting Projects Design

Training Course

Principles of Assessment and Setting of Mine Reserve

Training Course

Technical Safety in Mines

Training Course

ARC MAP Software

Training Course	ARC VIEW Software
Training Course	X-Ray diffraction analysis
Training Course	Rock-Eval Pyrolysis
Training Course	Optical measurement of organic material ( Vitrinite reflectance measurement)

**PERSONAL SKILLS**

Mother tongue(s) Persian, Turkish

Other language(s)	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	C1	C1	C1	C1	C1
	Without certificate: C1				
Italian	B1	B1	B1	B1	B1
	Certificate from Italian embassy in Tehran, Iran, B1				
	B2	B2	B2	B2	B2
Without certificate					

Communication skills Good communication skills gained through my experience as an office manager in ATI company and as saleswoman in optic shop

Organisational / managerial skills Management of human resources in ATI company

Job-related skills Customs clearance procedures of imported products  
Payments related to custom clearance  
Payments of goods with International Letters of Credit  
Warehouse management with Peach program

Computer skills Office™ tools (Word, Excel, Power Point)  
Arc Map software  
Arc View software  
Petrel software  
Surfer software  
Geolog software  
Adobe illustrator  
X-powder 12  
X-win  
Petromod

Driving licence Iranian B licence; Italian B licence in progress

**ADDITIONAL INFORMATION**

Projects 1) Evaluation of Petrology and Meteorology of Alvand formation, 2001, Iran  
2) Reservoir quality evaluation and modelling of the ILAM formation in one of the Dezful embayment oil field, 2013, Iran  
3) Burial evolution of sedimentary succession in the Lurestan Basin, 2019, Iran

Conferences 1) Participation to IMOG conference, 2019, Sweden  
2) Participation to Trigger conference, 2018, Iran  
3) Presentation of the "Preliminary paleo-thermal and geochemical data of the sedimentary succession in the Huleylan well in Lurestan, Iran" at the SGI-SIMP conference, 2018, Catania, Italy

Workshop 1) "Fluid inclusion studies application to hydrothermal ore deposits", November 2018, Iran  
2) Participation to workshop "Biomarkers", November 2015, Roma Tre University, Italy  
3) "The possible contribution of Geological Storage of CO<sub>2</sub> to the mitigation of climate change in Italy and in the world", 2015, La Sapienza University, Italy

- Short Courses**
- 1) "The post-fossil era: handle with care", February 2018, Roma Tre University, Italia
  - 2) "Magmatism, oil rigs and meteorites: a story of carbon" by prof. David Muirhead, March 2018, University of Aberdeen, UK
- Seminars**
- "Bank Forms and Guarantees" about Letters of Credit (L/C) in international commerce, 2010, Teheran, Iran
- Memberships**
- Member of Board of Iranian Mining Engineering Organization since from June 2003
