

Advanced Data Analysis

Joint course of the PhD in Statistical Science and the PhD in Environmental and Evolutionary Biology.

The course is proposed as a three-day data-camp (**22,23 and 24 July 2026 from 9 a.m. to 6 p.m.**). The participants, divided into groups including both statisticians and biologists, will work together to construct appropriate data analyses, statistical protocols, models and whatever is necessary to answer the research questions proposed by the Biology PhD students. The software of reference is R.

The work will take place under the supervision of Prof. Giovanna Jona-Lasinio and Dr Stefano Moro

In order to organise the course profitably, some information must be provided and attendance guaranteed.

La tua risposta

PhD course *

- ☐ Environmental and Evolutionary Biology
- ☐ School in Statistical Science
- ☐ Altro:

Year in the PhD *

Scegli

Will you attend the class? *

- ☐ Yes
- ☐ No

Main research topic *

La tua risposta

Are you willing to share your research? *

- ☐ No
- ☐ Yes
- ☐ Not needed (if you do not attend please check this)

If you are interested in sharing your research, are the data already available? *

- ☐ No
- ☐ Yes
- ☐ Not needed (if you do not attend please check this)

Your knowledge of R *
