

Near-surface geophysics for geohazard concerns in fluvial, karstic and volcanic environments

28/07//2023, h. 10.00-12.30

Aula Lucchesi

Dr. Yawar Hussain

yawar.hussain@uniroma1.it

*Postdoc. fellow, Department of Earth Science,
"Sapienza" University of Rome, Italy*

Dr. Yawar Hussain is an early career researcher working on environmental geophysics. He earned his PhD in Geotechnical Engineering from University of Brasilia, Brazil. He has postdoc. experiences in Brazil, USA, Belgium and Italy, where he applied near-surface geophysical techniques in different geological settings.
